Dots & Boxes

Two Player Game

The two players take turns to join two adjacent dots with a horizontal or vertical line. If a player completes the fourth side of a box, a point is scored and a mark that identifies the player is placed in the box.

The game ends when no more boxes can be formed. The winner of the game is the player with the most points.

The only strategy is to avoid completing a box which makes it easier for the opponent to complete a box.

Hangman

Two Player Game

Hangman is a simple word-guessing game. Players try to figure out an unknown word by guessing letters.

If 7 letters that are not in the word are guessed, the player loses. Draw blanks for each letter in the word. As letters in the word are guessed, the corresponding blank is filled.

Example:

Most frequently, the letters are: head, lips, Body, right leg.

Dear Little Guest,

Welcome to Hilton Garden Inn Trivandrum!

We love giving presents to our little friends so this is for you:

- 2 pencils - Write down all about your holiday with us.
- Seed Paper diary - Write down your favourite memories.
- Seed Paper Bookmark - Keep a tab on those treasured stories.

We're all about sustainable stationery. Pencils are made from recycled paper, while the diary's cover page is made up of seed paper - that can grow into a plant! The inner pages are recycled paper, which does not use any kind of chemicals or bleaching agents/dyes to achieve the whiteness of the paper. We do not cut any trees and use only discarded paper to manufacture 100% recycled paper. With every ton of recycled paper we manufacture, we use only 43,000 litres, thereby saving 37,000 litres of water!

This is our small effort in encouraging you to grow plants and achieve a greener and better mother earth.

Wishing you an amazing stay with us.
Team, Hilton Garden Inn Trivandrum

All the presents in this bag were specially curated for you by 'The Raw Projects'.
